MADE IN NATUZZI

The Collection

A history of excellence.

It all began in 1959, when Pasquale Natuzzi founded his company in a small workshop, in Puglia. From that moment on, a journey of excellence, of creating harmony, beauty and comfort, has been underway for over 65 years. With collections that combine versatility, quality and comfort at the highest levels, Natuzzi Editions is committed to satisfying everyone's personal vision in terms of style, functionality and well-being. Made in Natuzzi furnishing solutions, elegant yet accessible, that embellish living spaces all over the world.

Italian uniqueness.

We are committed to create projects that improve the way people live, work and relax. Through Italian design and engineering, we offer furnishing solutions that bring style, inspiration and joy. All our projects are recognized worldwide for their versatility, functionality and uncompromising quality, as confirmed by the most important international certifications.

An integrated value chain.

At the heart of Puglia, within the Company's HQ, a range of integral activities come together, forming the backbone of the value chain. Through seamless integration, these efforts drive both the industrial and retail processes, fueling the Company's growth and innovation.

Creative thinking
Our Style Center masterfully combines market trends with the essence of Puglia, crafting unique designs.

Our Tanneries
Our leathers are made in Italian Natuzzi tanneries using sustainable techniques, ensuring quality and durability. The result is premium leather that brings elegance and long-lasting quality.

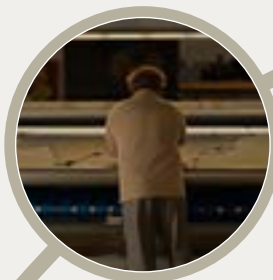

Style center
In the heart of our Style Center, relentless research thrives, exploring new trends, materials and designs, intertwining them with Natuzzi's unique DNA.

Certified quality
Certified quality is at the core of our philosophy, reflecting our continuous pursuit for excellence. Every material undergoes rigorous testing for resistance and safety, ensuring durability and long-term performance.

Prototyping
Master craftsmen turn ideas into reality, infusing materials with life through meticulous craftsmanship to create the artisanal prototype.

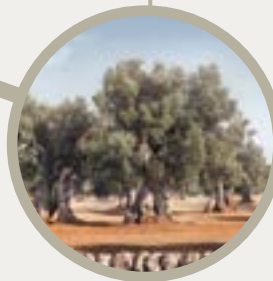

Made in Natuzzi
Production takes place in Natuzzi's global factory network, leveraging cutting-edge technology and over 65 years of experience for quality craftsmanship.

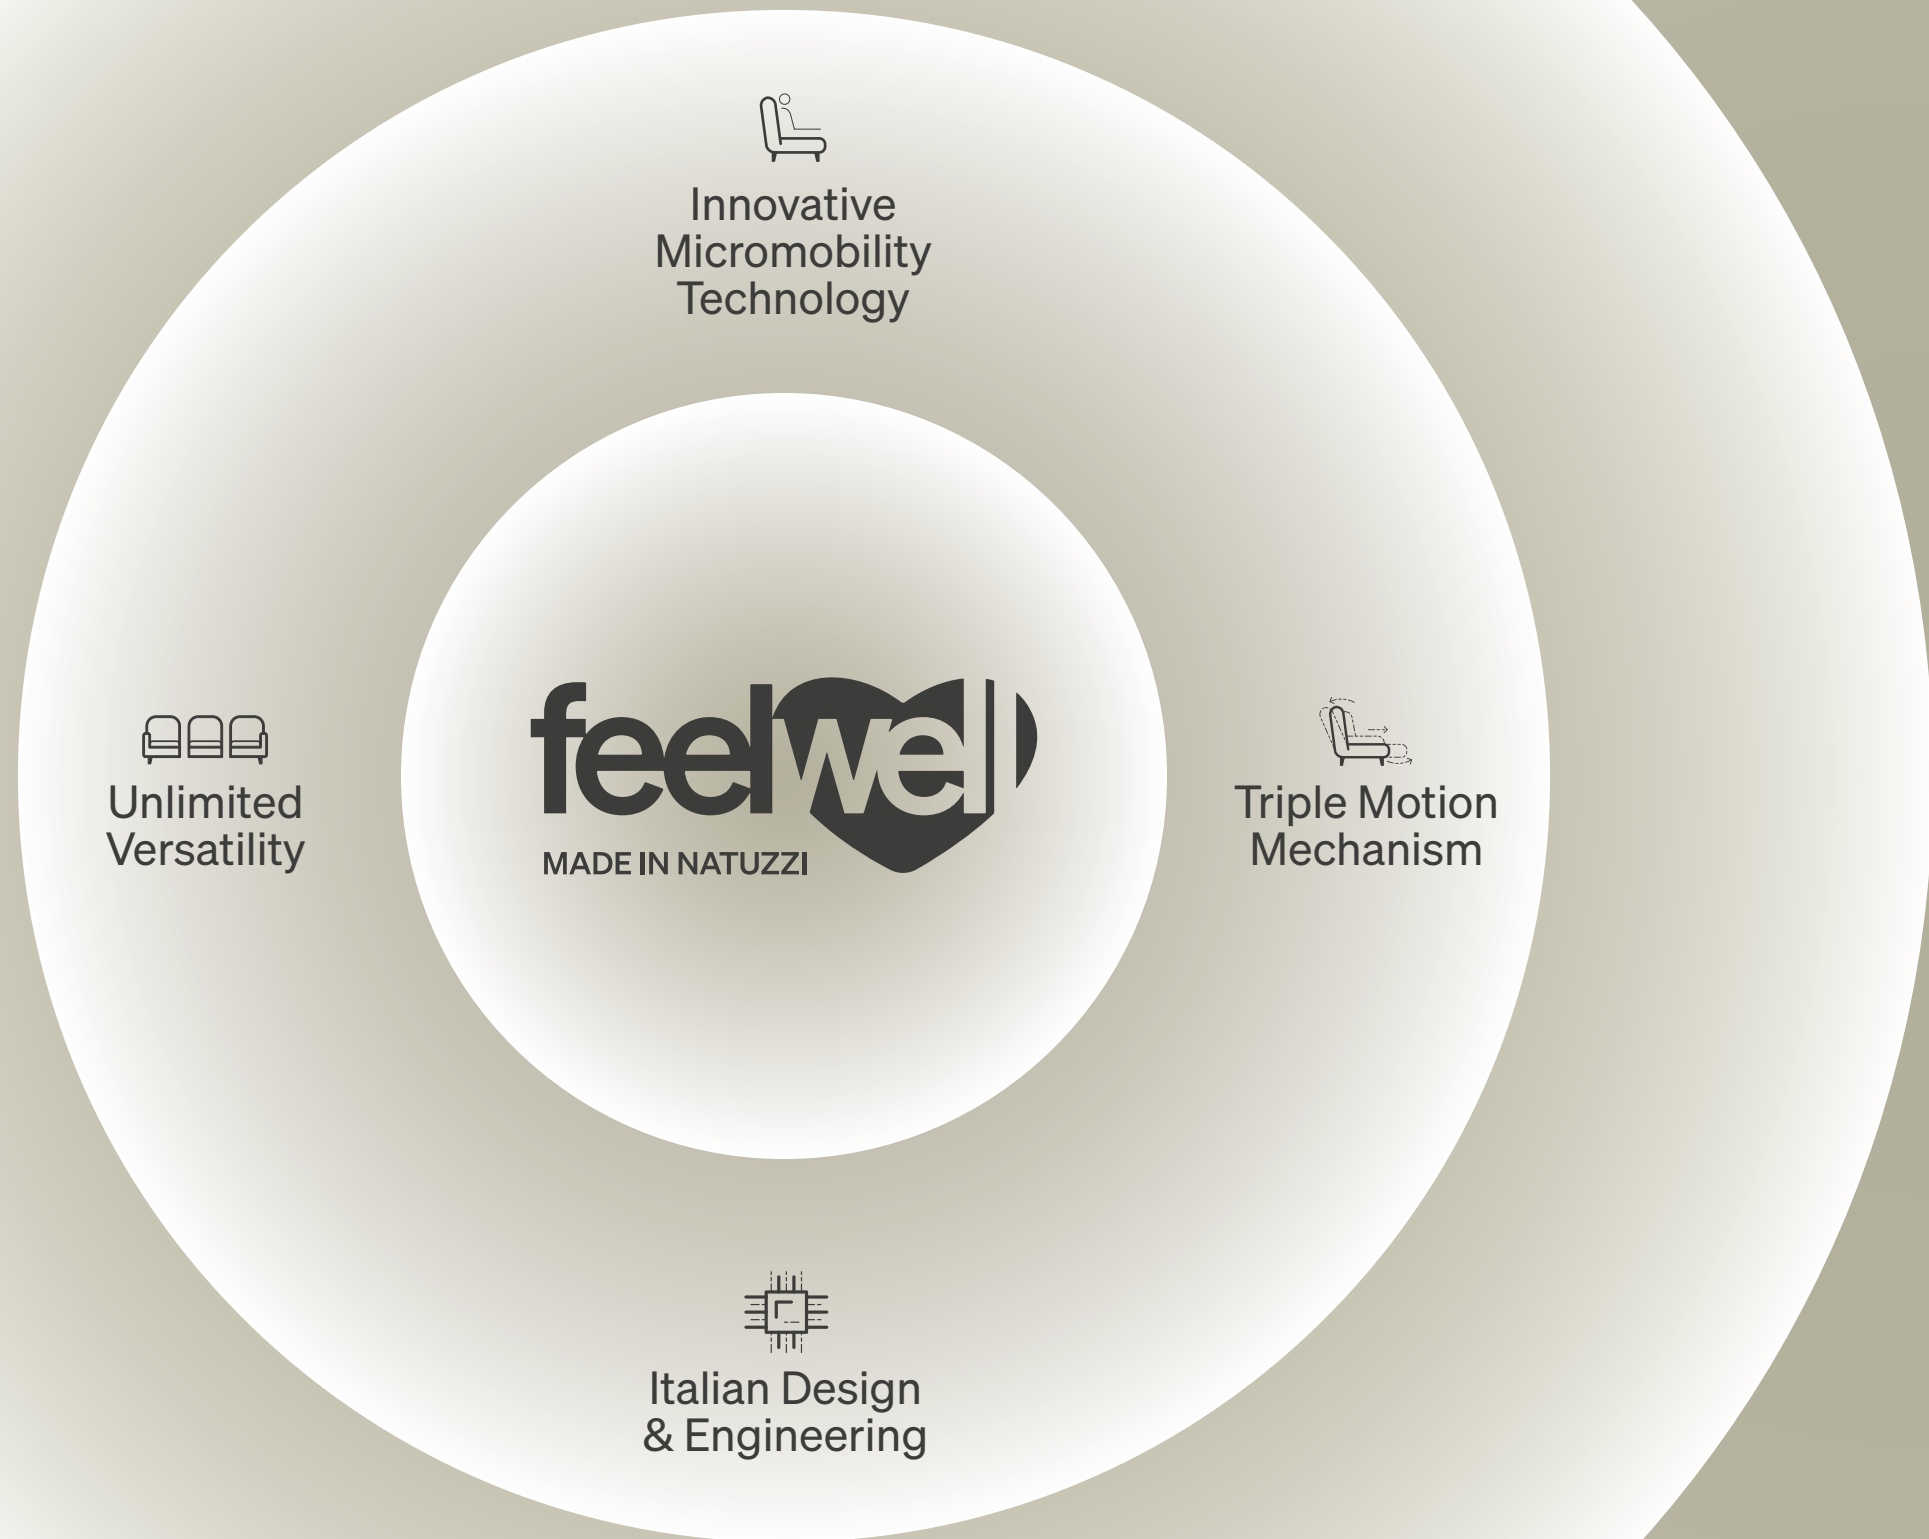

Integrated distribution network
Stores and Galleries work in synergy maintaining an extensive market presence, fostering brand recognition, a superior client experience and operational efficiency.

Customer service
Managed directly through the Company's 13 commercial hubs and HQ, our excellent customer service cultivates trust and loyalty, vital for a super client experience.

Ethical consciousness
Our mission is to create value with integrity, for our customers, employees, suppliers and shareholders.

DISCOVER FEELWELL, OUR NEW VISION OF COMFORT.

Since 1959, we have been studying and analyzing comfort needs to develop optimal solutions, aimed at satisfying specific needs. Through an ergonomics and innovation based approach, our work is guided by lifestyles and habits evolution, with the aim of constantly redefining the very idea of comfort.

It is scientifically proven that sitting for long periods is not healthy. That is why Natuzzi Editions has developed the Feelwell collection, introducing a new concept of comfort. Feelwell integrates advanced design and innovative technologies in a collection of sofas and recliner chairs designed to optimize physical and mental well-being, with ergonomic systems that offer targeted solutions for active relaxation.

Advanced features such as Zero Gravity and Micromobility, described in the following pages, derive from this new concept of comfort. These solutions, supported by scientific evidence, contribute to improving posture, stimulating circulation and helping reduce musculoskeletal disorders and fatigue in the lumbar and dorsal area.

The Feelwell collection offers a new experience of comfort that combines physical relaxation and well-being thanks to optimal ergonomic solutions.

Nuvia

A unique personalized comfort experience.

The innovation that redefines comfort.

With its visual comfort and a design made of rounded forms, spacious volumes and innovative functions, the Nuvia project welcomes you as an enveloping embrace - offering unforgettable moments of pure, relaxing well-being.

All you may need for a “total comfort” experience.

Its key features include an innovative Triple Motion mechanism enabling two exclusive healthy functions, Zero Gravity and Micromobility. The functionality of the project is highlighted by the control panel discreetly hidden in a pocket on the outside of the armrest and by the integrated table console with cup holders, a storage compartment and a USB-C charging port. To which should be added the multiple available configurations.

 Triple power mechanism

The innovative active relaxation.

Nuvia is not only equipped with a Triple Motion mechanism, but also integrates the innovative Micromobility and Zero Gravity functions. All functions are operated by a control panel discreetly hidden in a pocket on the outside of the armrest. The project is completed by the console with integrated table, cup holder, storage compartment and a USB-C charging port - an addition to the multiple available configurations.

From the switch panel you can independently adjust headrest, lumbar support and footrest. The Zero Gravity position is achieved by fully opening the seat for a total body extension, aligning the feet with the heart. This makes you feel weightless, with proven health benefits including relief of pressure on your spine. The automatic Micromobility function acts while you are in a resting position, slowly tilting the seat and the footrest simultaneously with micro movements that keep muscles active even when sitting, thus improving blood circulation.

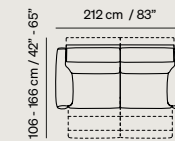

**Choose your Nuvia.
Versatility and configurations.**

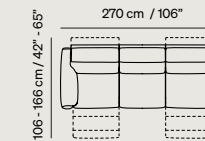

The Nuvia project balances versatility and inventory efficiency, offering a curated selection of 10 SKUs. This approach simplifies the selection process, offering a targeted assortment of best-selling configurations designed to meet the diverse needs of consumers around the world. Our optimized range ensures perfect alignment with the market without sacrificing flexibility and adaptability.

Houston

Tailor-made wellness every day.

ERGOCERT CERTIFIED

ErgoCert is the first certification body in Europe with the purpose of certifying the ergonomic characteristics of professional products, consumer products, workstations, and the design process, with a Human-Centred Design approach.

Houston is also known as the “Space City”, with its Space Center from where dozens of NASA missions departed. The perfect inspiration for our first sofa with the revolutionary “Zero Gravity” Dual Power mechanism, which recreates the posture experienced by astronauts in a zero gravity environment. The Dual Power motion separately activates the different functions, to adjust the seat recliner and the headrest, allowing you to reach extreme comfort resulting in proven health benefits.

USB Port

Dual Power Mechanism

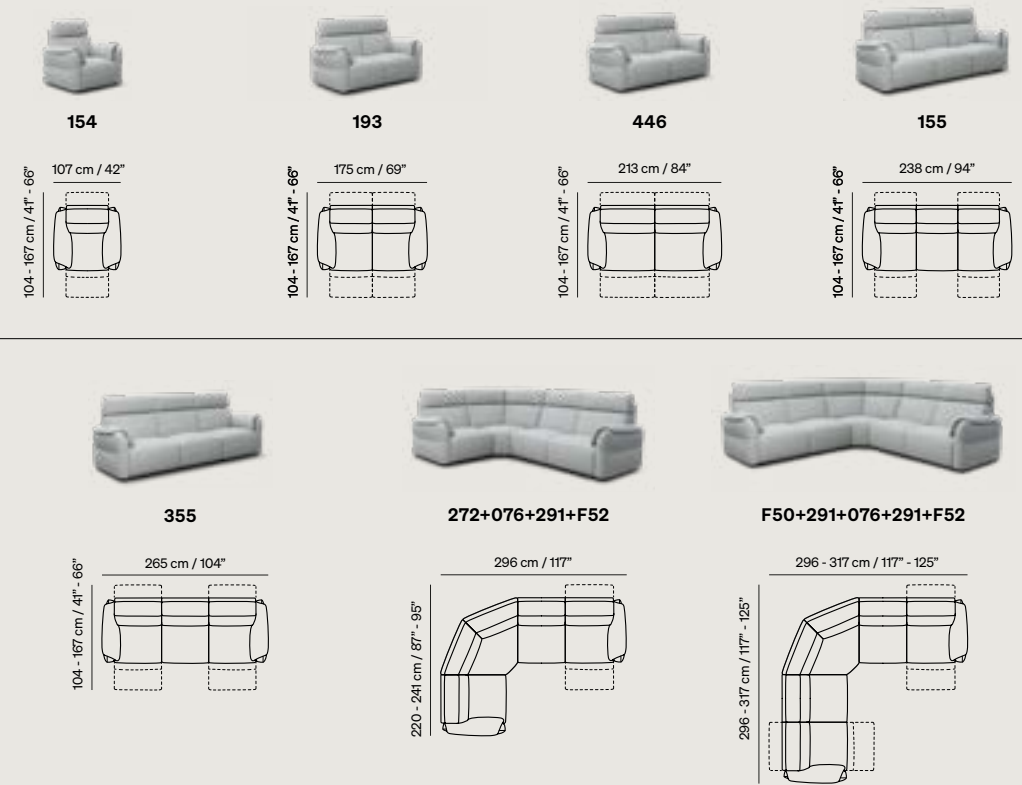

Dual Power mechanism with Zero-Gravity technology.

The “Zero Gravity” Dual Power mechanism recreates the posture of astronauts in space. It separately adjusts the seat inclination and the headrest to offer maximum comfort and numerous health benefits. This technology reduces pressure on the spine, relieves muscle tension, improves circulation and promotes a correct posture, offering a feeling of absolute lightness.

Choose your Houston. Versatility and configurations.

The Houston project balances versatility and inventory efficiency, offering a curated selection of 25 SKUs. This approach simplifies the selection process, offering a targeted assortment of best-selling configurations designed to meet the diverse needs of consumers around the world. Our optimized range ensures perfect alignment with the market without sacrificing flexibility and adaptability.

FEATURES

- Dual power motion mechanism**
- Zero-Gravity**
- USB-C Port**
- Multiple configurations**
- 2 seat widths available**
- Available in leather and fabric**
- Optional battery pack available**

Zenith

The pinnacle
of relaxation.

Just like the highest point in the sky, the Zenith sofa represents the apex of relaxation, offering a truly comfortable sitting experience. The Dual Power system activates the seat recliner and the headrest separately, allowing you to achieve maximum comfort in the Zero Gravity position, a sensation of absolute lightness with proven health benefits, such as improved circulation in the legs and reduced pressure on the spine. All functions are managed by a control placed in a pocket in the outer panel of the armrest.

Discreetly hidden control panel

Power adjustable headrest

Dual power mechanism

Dual Power mechanism with Zero-Gravity technology.

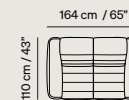

The “Zero Gravity” Dual Power mechanism recreates the posture of astronauts in space. It separately adjusts the seat inclination and the headrest to offer maximum comfort and numerous health benefits. This technology reduces pressure on the spine, relieves muscle tension, improves circulation and promotes a correct posture, offering a feeling of absolute lightness.

Choose your Zenith. Versatility and configurations.

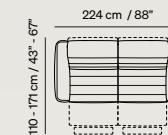

The Zenith project balances versatility and inventory efficiency, offering a curated selection of 10 SKUs. This approach simplifies the selection process, offering a targeted assortment of best-selling configurations designed to meet the diverse needs of consumers around the world. Our optimized range ensures perfect alignment with the market without sacrificing flexibility and adaptability.

Baltimore

Customizable comfort
and versatility.

Baltimore is inspired by the clean and defined forms of architecture that houses the National Aquarium, the most iconic and recognizable building of this great seaside city. The structure of the buildings makes the overall image extremely modern, treasure trove of a magical world to immerse yourself in. This linearity makes the Baltimore sofa a contemporary classic, perfectly at ease in any type of living, and the cleanliness of the back allows you to place it even in the middle of the room.

 Zero-Wall system

 Dual power mechanism

 USB-C Port

Choose your Baltimora. Versatility and configurations.

Multiple configurations
- 
2 seat widths available
- 
Available in leather and fabric
- 
Customizable foot finishings
- 
Optional battery pack available

Venezia

Fall in love
with comfort.

The gondola, symbol and icon of Venezia, has inspired the elegant and slender lines of the sofa which celebrates this unique city. Gliding silently through the small canals, sheltered from the crowd, the gondola reveals the most romantic side of the city. The sofa takes up its unmistakable asymmetrical shape, and the armrest evokes its characteristic S-shaped iron bow, representing the curves of the Canal Grande. The gondola is also the most comfortable way to move around this city, a feature that we find in the typical comfort of a Natuzzi sofa, thanks to the large and deep seats - one of which is extra-large in size - and the open base which facilitates cleaning.

 Single power motion mechanism

 Power adjustable headrest

Choose your Venezia. Versatility and configurations.

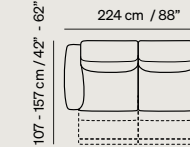

The Venezia project balances versatility and inventory efficiency, offering a curated selection of 22 SKUs. This approach simplifies the selection process, offering a targeted assortment of best-selling configurations designed to meet the diverse needs of consumers around the world. Our optimized range ensures perfect alignment with the market without sacrificing flexibility and adaptability.

Roma

Your haven
of comfort.

For the design of this model, the Natuzzi Design Center was inspired by the Italian capital and its ancient streets, whose intersections draw perfect geometries that we find on the coating to enhance its shape majestic and slender at the same time. Modular and extremely versatile, Roma is equipped with adjustable armrests for personalized comfort, while the compass opening of the backrests offers two different depths with a single seat.

Optional self-standing backrest headrest

Manually adjustable backrests

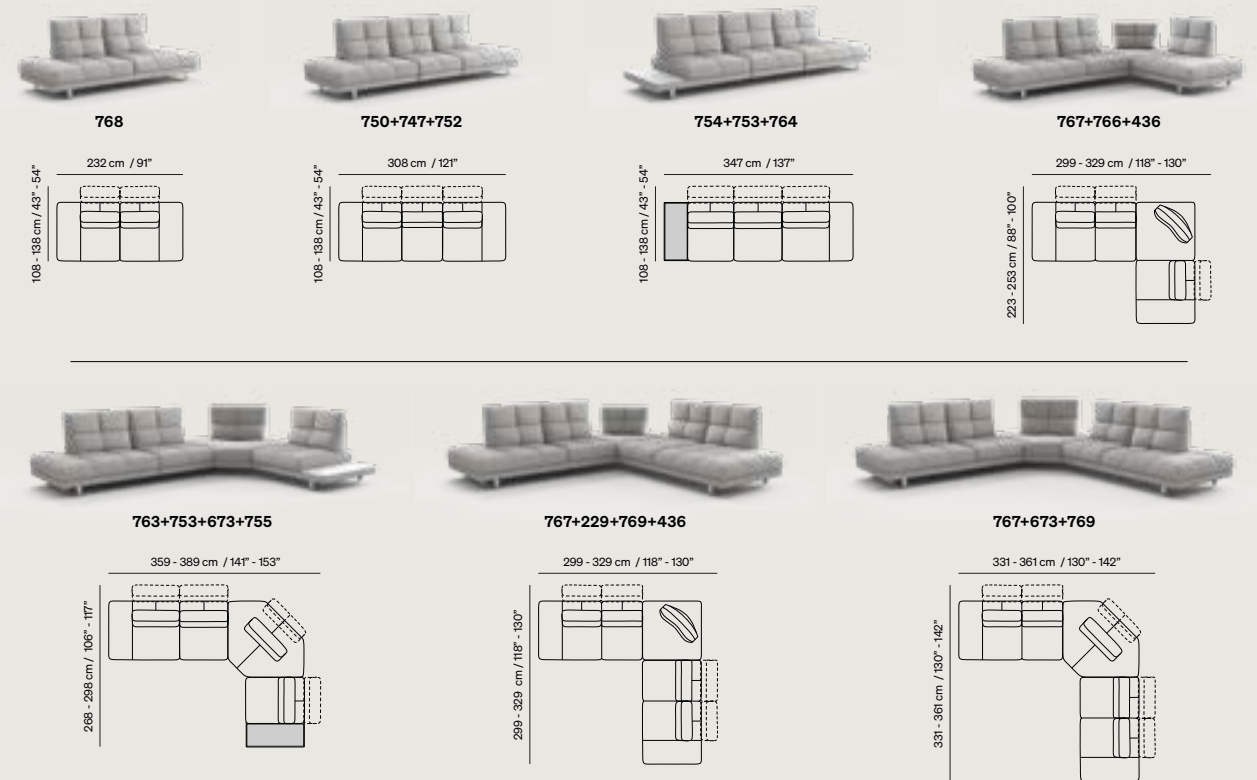

Manually adjustable arms

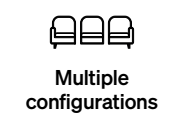

Roma is the ideal sofa for a contemporary version of the "otium", the care of the spirit through good readings and the pleasures of social and convivial life. A sofa with adjustable backrests in two positions, standard or extra deep seat, and armrest with ratchet mechanism to adjust as desired.

Choose your Roma. Versatility and configurations.

The Roma project balances versatility and inventory efficiency, offering a curated selection of 17 SKUs. This approach simplifies the selection process, offering a targeted assortment of best-selling configurations designed to meet the diverse needs of consumers around the world. Our optimized range ensures perfect alignment with the market without sacrificing flexibility and adaptability.

FEATURES

Pixel

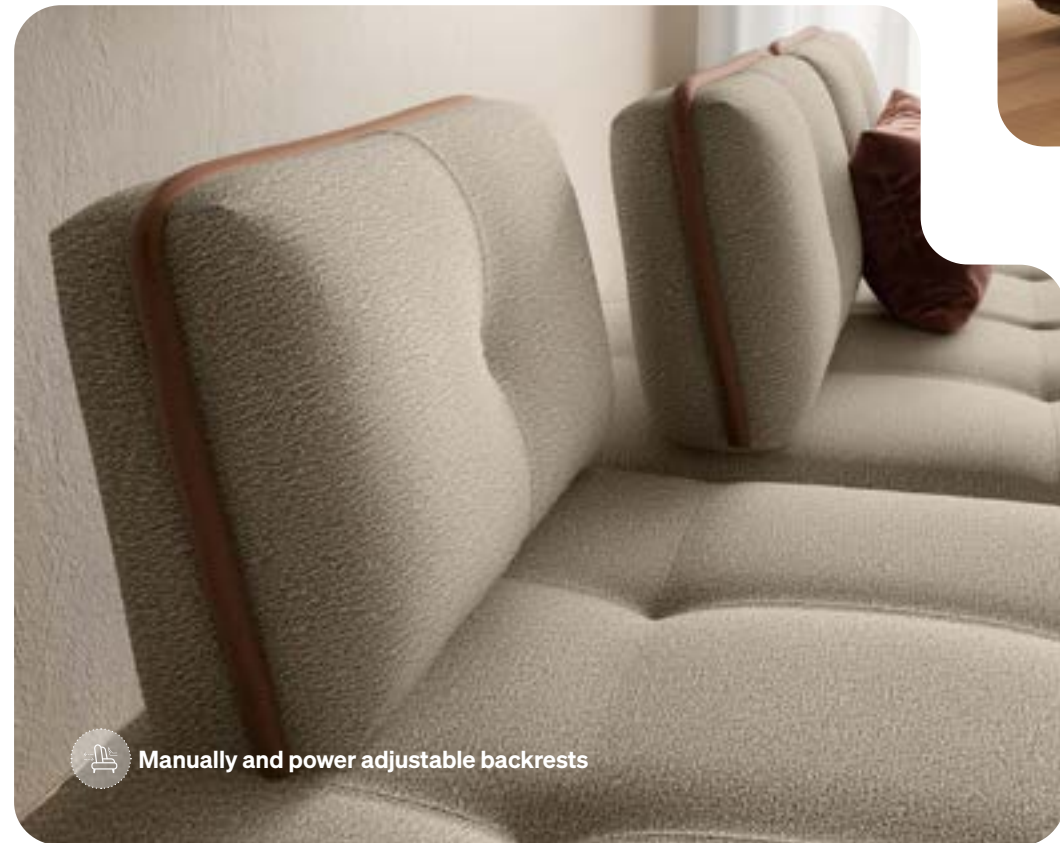

Customizable
comfort and versatility.

Pixel is a multifunctional sofa whose backrests and armrests can be moved as desired, in accordance with an increasingly fluid lifestyle. The backrest slides - back and forth - varying the depth of the seat according to your needs, and the armrests can be tilted as you wish to give extra support to your head when you want to lie down. Available in leather, fabric or an elegant mix of both, with contrasting or tone-on-tone piping depending on the covering and color chosen.

Manually adjustable arms

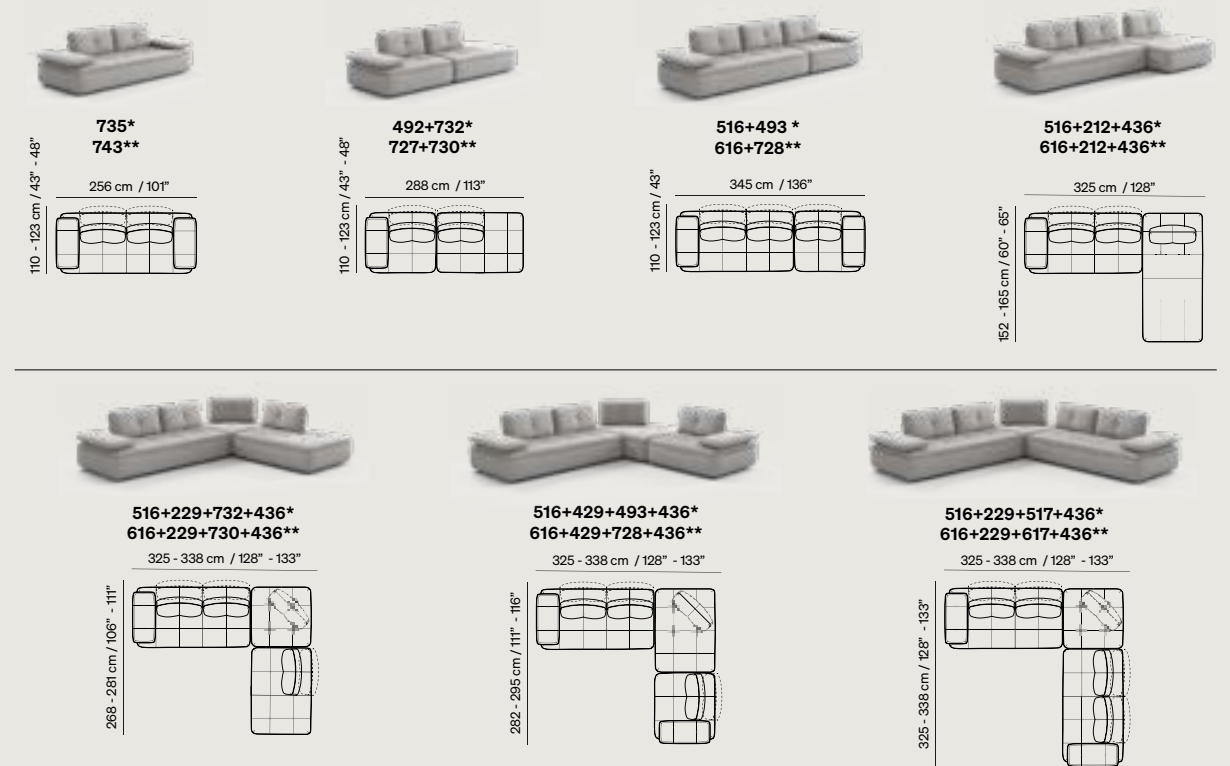

Manually and power adjustable backrests

Pixel is a tribute to the digital age we live in. The pixel is in fact that small brick that makes up the digital image, taken up and cited both by the square with backrests and armrests to be moved as desired, in accordance with an increasingly fluid lifestyle.

Choose your Pixel. Versatility and configurations.

The Pixel project balances versatility and inventory efficiency, offering a curated selection of 19 SKUs. This approach simplifies the selection process, offering a targeted assortment of best-selling configurations designed to meet the diverse needs of consumers around the world. Our optimized range ensures perfect alignment with the market without sacrificing flexibility and adaptability.

Valencia

Mediterranean comfort,
futuristic design.

Valencia sofa brings with it the brightness of the Mediterranean and the liveliness of the Spanish city that inspired it, right from its name. The mix of tradition and innovation you can breathe in those streets where art and nature meet in a harmonious balance, you find in its refined lines and forms so modern, almost futuristic. Available in leather, fabric or an elegant mix of both, with contrasting or tone-on-tone piping depending on the upholstery and color chosen.

Manually adjustable backrests

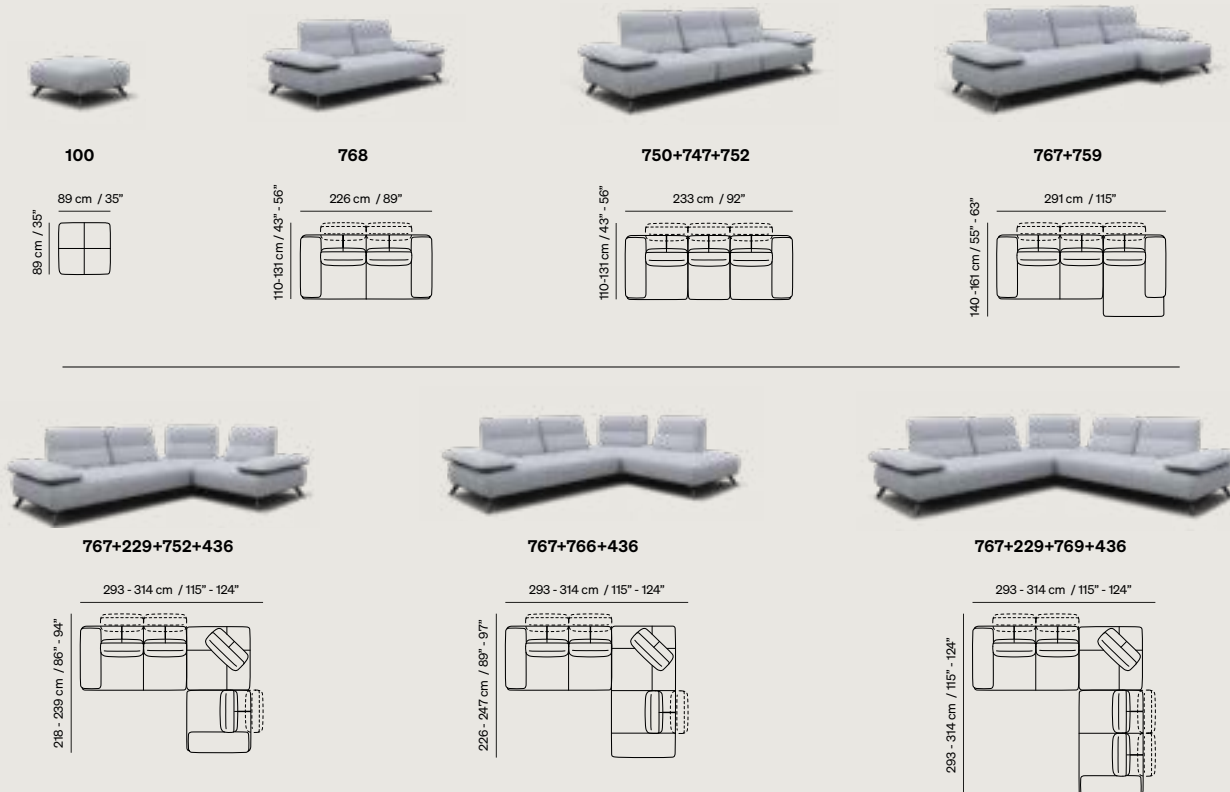

Manually adjustable arms

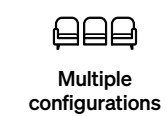

The same mix of tradition and innovation you can breathe in the streets of Valencia - where art and nature meet in a harmonious balance - can also be found in the sofa, whose main inspiration is the architectural complex of the City of Arts and Sciences, with its refined lines and so modern, almost futuristic shapes.

Choose your Valencia. Versatility and configurations.

The Valencia project balances versatility and inventory efficiency, offering a curated selection of 13 SKUs. This approach simplifies the selection process, offering a targeted assortment of best-selling configurations designed to meet the diverse needs of consumers around the world. Our optimized range ensures perfect alignment with the market without sacrificing flexibility and adaptability.

Market trends

Natuzzi's captivating designs are rooted in comprehensive research on fashion industry, embodying evolving consumer preferences and market dynamics.

A person wearing a dark, long-sleeved button-down shirt is shown from the chest down, focused on working with a piece of dark, textured leather. They are using a pair of black-handled scissors to cut or trim the leather. The leather is draped over a surface, and the lighting is dramatic, highlighting the texture and the person's hands. The background is a plain, light-colored wall.

NEO HERITAGE. REIMAGINING THE TIMELESS CLASSICS WITH ITALIAN FLAIR.

Sofas with defined, ageless shapes and a style reinterpreted for today by the distinctive design touch of Natuzzi Editions. This collection pays tribute to heritage while embracing contemporary aesthetics, creating a seamless blend of tradition and innovation. Every piece is crafted to embody elegance and comfort, featuring refined lines, premium materials and meticulous attention to detail. The Neo-Heritage Collection is designed not only to furnish a space, but to tell a story — a story of craftsmanship, evolution, and the enduring beauty of Italian design.
